Rights Respecting School Agenda

As a Rights Respecting School, there are two articles that are integral to our Pupil Premium Policy:

Article 3 - The best interests of the child must be a top priority in all actions concerning children

Article 28 - Every child has the right to an education
(from the National Convention on the Rights of the Child)

These two articles have been simplified for the Charter Infant School Charter for children to follow;

We have the right to go to school

We have the right to learn.

School Vision

An exceptionally high performing professional and learning culture creating excellent achievement for all.

This will be achieved through always striving for excellence in all that we do:

- We will all have high expectations of all children and nurture a growth mind set;
- We will all fully utilise and engage in, a wide range of opportunities to enhance our skills, knowledge and expertise;
- We will recognise and celebrate the hard work and achievements of all our children and ourselves;
- We will work in partnership with parents and carers.

Background

There has been concern since the mid-Seventies that the education of children in care has been neglected. Conversely, from about the same time, attention was also being drawn to the important part that successful schooling could play in helping children escape from social disadvantage. In 1995 a joint report by the Social Services Inspectorate and Ofsted stated that the care and education systems were failing to promote the educational achievement of children in care and drew attention to:

- Poor exam success rates in comparison with the general population
- A high level of disruption and change in school placements
- Lack of involvement in extra curricular activities
- Inconsistent or no attention paid to homework
- Underachievement in further and higher education

It is, therefore, essential that schools promote the achievement of such vulnerable children, who may also face additional barriers because of their race, ethnicity, religion and beliefs, sexual orientation or because they have **Special Educational Needs or Disabilities** ~~are disabled~~. All schools should have a policy for Children in Care that is subject to review and approval by the Governing Body. The policy should set out not only the ethos of the school in its approach to meeting the needs of children looked after by a local authority, but also the procedures that will ensure participation in high quality teaching and learning and in making good or accelerated progress.

Children Looked After are defined as children or young people who are the subject of a Care Order or Interim Care Order.

The Children Act (1989) introduced changes in terminology. The term 'in care' now refers solely to children who are subject to Care Orders. Children who are cared for on a voluntary basis are 'accommodated' by the local authority. Both these groups are said to be 'looked after children' (LAC) or children in care or 'children looked after' (CLA) by the local authority, the term used by Hertfordshire. Accommodated children also include those in receipt of respite care – if it exceeds 20 days in one episode or over 120 days a year.

It is important not to confuse a young person's legal status with their living arrangements. For example, a child on a Care Order can be living with:

- Foster carers
- In a children's home
- In a residential school
- With relatives, or
- Even with parents – under supervision of Children's Services

Similarly, an 'accommodated' child can be living:

- In foster care
- In a children's home, or
- In a residential school

This policy incorporates requirements set out in the statutory guidance on the duty on local authorities to promote the educational achievement of looked after children under section 52 of the Children Act 2004, the Role and Responsibilities of the Designated Teacher - Statutory Guidance for School Governors (2009) and the Hertfordshire Policy Statement on Children Looked After and should be read in conjunction with it.

All schools have been issued with a copy of each document and may also refer to the Virtual School page on the Hertfordshire GRID for Learning, www.thegrid.org.uk/virtualschool

The Children and Families Act 2014 amends section 22 of the Children Act 1989 to require every local authority in England to appoint an officer employed by the authority, or another authority, to make sure that its duty to promote the educational achievement of its looked after children is properly discharged. This officer is referred to as the Virtual School Head (VSH). In Hertfordshire, Felicity Evans is the Virtual School Head.

It is also important to remember that while Parental Responsibility (PR) for the young person normally lies with the Local Authority and/or the parents, responsibility for day to day decisions is often delegated to the foster carers or staff at the residential home. It is therefore important to ascertain who holds PR and what if any authority has been delegated to carers as soon as possible. Each case will be different as to who will have responsibility and who will need to be kept informed.

Governor

The names of a Governors with special responsibility for Children Looked After in the school: S Hossany

Safety in School Governors:

Mr M Khan and Mrs S Hossany

The role of that School Governor

The named governor will report to the Governing Body on an annual basis using the report from the Designated Teacher as source information:

- The number of looked-after pupils in the school;
- A comparison of progress as a discrete group, compared with those of other pupils in school and nationally;
- A comparison of attainment measures as a discrete group, compared with those of other pupils in school and nationally;
- The attendance of pupils as a discrete group, compared to other pupils;
- The number of fixed term/permanent exclusions; and
- Pupil destinations after leaving the school

The named governors should be satisfied that the school's policies and procedures ensure that looked-after pupils have equal access to:

- Full time educational provision – at least 25 hours
- The National Curriculum;
- Public examinations;
- Additional interventions to support educational progress e.g. one to one tuition
- Additional education support;
- Extra-curricular activities
- Pupil premium plus funding to raise attainment

The named Governor is encouraged to support the development of the school by endorsing the CLASEF (self-evaluation process) that will confirm the schools' best practice.

The named Governor may want to ensure that the whole Governing Body have a full understanding of the efficient and effective use of Pupil Premium including Pupil Premium Plus. The Governance Team offers a two hour course for this purpose. Please contact: Hannah.stewart@hertfordshire.gov.uk

School Responsibility

It is important that all teaching staff who are in contact with the child or young person are aware that he/she is being looked after by the Local Authority. The responsibility for the transfer of this information should be that of the Headteacher and/or the Designated Teacher for Children Looked After.

It is appropriate for a member of the support staff team to have knowledge that the young person is in care only when directly involved in the teaching of the young person. However, it is important that these staff are aware of the effect of attachment and trauma on the behaviour and learning of these children.

In the absence of the usual class teacher, some information regarding the child's circumstances should be shared with the teacher covering the class. The extent of this sharing should be determined by the Headteacher or the Designated Teacher for Children Looked After.

Admission Arrangements

On admission, records will be requested from the pupil's previous school and a meeting will be held with carer/parent/Social Worker as appropriate – but always involving someone with parental responsibility *1. This will provide information to inform the Personal Education Plan. An appropriate school induction must take place.

Involve the Young Person

It is important that a young person is aware that information is being recorded regarding their personal circumstances. How this is shared with them clearly depends on their age and understanding. The explanation should emphasise that the school, the Social Worker, and their carer(s) are working together to promote their education.

It is important that the young person is supported to complete the Pupil Voice section of the Personal Education Plan by the Designated Teacher to inform the ePEP and Care Plan review meetings

It is important to establish the child's view of their changed circumstances and what they want others to know. It is also important to ensure that a Social Worker/teacher/carer prepares the child for situations when they may be asked about home, e.g. by other pupils in the playground.

Communication with Other Agencies

Schools should ensure that a copy of all reports (e.g. End of year reports) should be forwarded to the young person's Social Worker in addition to the foster carer or Residential Social Worker and the Virtual School and where appropriate the birth parent/s. A copy should also be attached to the child's ePEP.

School, education and social work colleagues within Children's Services should endeavour to co-ordinate their review meetings, e.g. to have an Annual Statement or EHC plan Review and a Personal Education Plan or ePEP meeting or review.

Good communication is essential between professionals. It is important to exchange information between formal reviews if there are significant changes in the young person's circumstances, e.g. if school is considering a change of course, there is a change of care placement or there are significant issues that will affect educational provision e.g. behaviour or attendance.

Assessment, Monitoring and Review Procedures

Each pupil in care will have a Care Plan that will include a Personal Education Plan (PEP) that is developed jointly by the Social worker and Designated Teacher. This will identify specific areas of focus and include targets and associated actions to improve performance, progress or educational achievement. Areas for consideration will include:

- Achievement Record (academic or otherwise);
- Attendance;
- Behaviour;
- Extended learning opportunities;
- Involvement in Out of School Hours Activities;
- Special needs (if any);
- Development needs (short and long term development of skills, knowledge or subject areas and experiences); and
- Long term plans and aspirations (targets including progress, career plans and aspirations).
- Educational Data so that progress may be tracked easily between Key Stages;
- Effective use of Pupil Premium and evidence of impact

The ePEP will be updated and reviewed each term or at the point of any major change and contribute to the Statutory Reviewing process carried out by the Independent Reviewing Officer. The Designated Teacher is accountable for the implementation and review of the educational action to meet the targets within the Plan.

The named governor will report annually to the Governing Body on the progress of all looked-after children against the key indicators outlined above.

*1

Education Law defines who is a parent very widely. It includes anyone who has parental responsibility for a child or who has care for them. This means it is possible for someone who does not have parental responsibility to be a 'parent' because they have care of the child in question for example the foster carer.
