

## Activity 12 - Religious Festivals

To celebrate our diverse and multicultural school community, we teach children about different faiths and always celebrate different religious festivals. This year, we have learnt and celebrated Diwali, Christmas, Chinese New Year, Easter and Eid.

It is lovely to see the children learn about each other's faiths and see children wanting to share about their faith.

We believe that our outstanding R.E. curriculum supports children important skills and tolerance about religion. It was especially lovely this year, to have our Eid party and see the many children dress up in cultural, traditional clothing.
