

Activity 13 - International Women's Day

At Chater Infants, we celebrate International Women's Day every year and have looked a range of role models from around the world and learnt about their lives. This year, classes looked at Kamala Harris, Marie Curie, Harriet Tubman and Amelia Earhart. We looked at where these women were from and what they have achieved. These women have proved to be good role models that our children, especially girls can look up and be inspired by.
