

## Activity 4 - International Dance

At Chater Infant School, we value the creative arts and love seeing the traditional dances from the many cultures and countries of our school community. Dances from India and Sri Lanka are often showcased at our Talent Show. In school, we also had a fantastic Brazilian workshop to learn how to do some samba and carnival dancing. This Latin dance was specific to us learning about the Brazilian culture and also helped us listen carefully to the music for these dances.
