

Talking points

Oceans and the creatures that live in them.

Different habitats.

Books we are reading in school, including books by the author Julia Donaldson.

Targets

Individual targets are set for each child in reading, writing, maths and speaking and listening.

These will be put in your child's homework book.

Homework

Please support your child with their homework. Homework will be sent out on Thursday and be returned by Wednesday at the latest. Homework is linked into what your child has been learning about and will consolidate their learning.

Teams

Please continue to use for up to date information about school events.

Other information

Please remember to send your child into school wearing PE Kit on Monday and Thursday.

Children get the opportunity to change reading books twice a week. Please make sure that book Bags are bought into school **every day** so children can read their books to adults. Spellings will be sent home each week.

Children will get the opportunity to choose a book to read every Friday, "Friday Book Club".

Important Dates

- 3rd March World Book Day
- 8th March International Women's Day
- 11th March Sports Relief Day
- 18th March Bhangra Dance Workshop
- 24th March Animal Experience (TBC)
- 31st March Electric Umbrella Visit

More dates are may be added (or changed) so please always check the weekly newsletter. If you have any concerns or questions please speak to your child's teacher at the end of the school day.

Second Half
SPRING TERM 2022

Oceans

English:

Poetry including shape poems. We will be learning more about the features of poems and writing our own.

We will be reading a range of stories written by Julia Donaldson and using these to help us retell stories we know and create our own.

We will be learning about the features of reports and writing our own.

Maths:

We will be recalling our multiplication and division facts (x2, x5 and x10)

Addition and subtraction of 2 digit numbers.

Measures including standard measures of length, weight and capacity.

Solving problems with numbers, money and measures. using addition, subtraction, multiplication & division.

Fractions of numbers. Finding halves, and quarters of numbers by sharing between 2 or 4, e.g. half of 30, a quarter of 12

If possible allow your child to wear a watch and tell the time to at least the half and quarter hours. Count in 5s round the clock face.

Continue to practise instant recall of addition and subtraction facts to 20. and times tables for the 10, 5 and 2 times table.

Science:

We will be learning about different habitats including oceans and micro habitats.

We will be learning about food chains,.

We will also be learning about living and non living, including the features of living things.

Computing:

We will be learning to create simple programmes and using the computer to research and present information.

Geography:

Recycling - we will be learning about things that you can recycle at home and at school. Talk to your child about recycling and let them help put materials into the recycling boxes.

Art:

We will be focusing on developing our skills including colour mixing, shading , collage and printing to create ocean themed artworks.

Music:

Exploring Feelings through Music— listening, singing and playing instruments including the glockenspiels. Singing seasonal and topic related songs.

PE:

This term we will be keeping active by doing Circuit Training.

We will also be doing Gymnastics . We will be focusing on different skills including balances, jumps, rolling and travelling. We will be using the apparatus.

RE:

Special places, including our special places and places of worship.

We will also be learning about the Easter story.

PHSE:

The theme is Healthy Me! We will be focusing on keeping safe and staying healthy and the importance of making good choices.
